## STEAM POWERED LOCOMOTIVE

S

## GARDEN RAILWAY LOCOMOTIVES

### IN 32MM & 45MM GAUGE

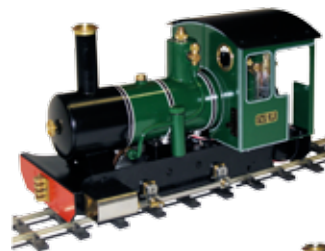

Stuart Models are proud to announce the release of the first in a range of radio controlled live steam locomotives.

Originating from the well respected Cheddar Models range we have continued to use the same high quality suppliers and materials, whilst taking the opportunity to improve the overall appearance.

Each model is supplied complete with a Futaba radio control system as standard. The gas powered boiler is fitted with a pressure gauge & syphon, water level gauge glass, spring safety valve and filler valve.

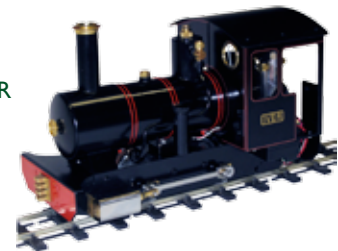

With over 100 years of expertise we are sure you will be delighted with both the quality of our models, and the service we are known for.
